Jan 9th Monthly Report

- Painting is coming along and should be finished this week or first of next week. All that is left is doors going into the gym and the main walls in the big room plus a couple doors.
- Had a good walk trough with OTEC and All-Phase Electric on Jan 3rd. We covered the entire inside of both the community center and pool area as well as the outside of the building, pavilion and gazebo area.

I should have an overall cost for replacement of fixtures and the rebate/credit we will get from OTEC for doing the project. Some fixtures will need to be replaced regardless if we decide to take on the whole project (Exit signs and Emergency lighting.

- We are out of Rental contracts for the Community Center, so now would be a good time to make any changes if you want to increase rates or anything. We did come across an issue in regards to the paint and sip bookings as the clients were not obtaining a temp liquor license for their events.
- Several door locks need to be replaced. Alex and Allen are working on a price quote to re-key the entire building, but several locks will need to be replaced first. Especially doors that need to have handicap handles installed. They should have a price quote possibly in time for this months meeting if not I will have it next month.

- The heating system in the main room is still giving us issues. Jason replaced a shredded belt again (2nd time in 8 weeks). I had and have rescheduled an appointment with Troy from TNT heating to inspect the unit and see what needs to be fixed in order to keep it running until the entire unit can be replaced. I also ordered new wifi thermostats for both units so that we can program and adjust the heat remotely vs having people messing with the thermostats every time they rent the building. These new Thermostats will be installed within the week when he comes to look at the unit.
- Brian from the SDAO will be here Feb 15th at 3pm to do a walk through on the building in regards to our insurance through them.
- I received an email from Aria Higgins with notes/comments on last year's lifeguards, and also invited Kevin down to the office this past Thursday to get his opinions on our lifeguarding staff last summer. I will be working on filling out review paperwork this month.

Monthly Council Report

Library

Previous Activities

Last month, December, we had Mrs. Claus come to the library for story time. We had a much bigger turnout than the previous year, 38 was the total for this year. Big thank you to all that donated for this event. Mayor, Michelle & Megan Duffy for making all the cookies and Barbara Boots for sharing her Mrs. Claus costume for me to wear.

Current Activities

Library received the Summer Reading grant from the State Library, \$1,000 will be spent on incentives, prizes, crafts, and entertainment. Looking forward to another wonderful 2018 Summer Reading Program.

Some of you have heard about the Oregon College Savings Plan. They have been part of our Summer Reading Program for several years. Unfortunately, the Oregon College Savings Plan will not be able to financially support program activities this coming summer, including the Oregon Summer Reading Sweepstakes and funding performers for libraries serving communities of 10,000 or fewer. They are dealing with a reduced budget for the coming year. They hope to work with Summer Reading again in the future.

This program will be sorely missed. The children and adults always enjoy the entertainers we have had in the past.

Patron computers are still running smoothly.
